Trip Advisor 5 STAR Reviews April 2017

"Large Family Friendly Park and close enough to all the Gold Coast attractions"

Look no further ... This Park has everything you need and more importantly, family friendly and spotless. There is plenty of space, shady spots, grass & slab options, close to the clean amenity blocks with large laundries and plenty of clothes lines. There are free BBQs that are cleaned every morning. Large Camp kitchen, large seasonally heated pool, jumping pillow, play equipment for the kids to hang along with a large recreation room. Plenty of space to ride the scooter or bike. There is also a swimming lake on site and walking distance to the beaches. Just one downfall, wifi - it was not working very well and you are limited to small amount of data. If it was free it would have been a 5 but it is very close to perfect. Staff were very friendly and very accommodating. Great spot if you are heading to the theme parks, beaches, Surfers Paradise or Tweed. It is easy to find and can accommodate large vans. We will be back! :)*

"Holidays "

Great place to stay. Loved it again. Great facilities and fun place for kids and families. Clean and tidy and great place. Will stay there again and again. Love riding the bikes and walking around the park.

"One of Our Favourite Places to Holiday"

Lovely, spacious sites; beautiful shade trees; clean amenities; well-tended grounds; great school holiday activities; friendly staff; relaxing atmosphere; top location; always a pleasurable stay for us! We'll be back, for sure!
